

Privacy Policy

Rough Cut Manufacturing ("we," "us," "our") operates the WorkTrackPro application (the "Service"). This Privacy Policy explains what information we collect, how we use and protect it, and the choices you have.

Effective date: June 17, 2026

Contact: Jacob Rough, CEO — jacobrrough@gmail.com

1. Who this applies to

This policy applies to users of the Service (our staff and authorized users) and to individuals whose information we process in the course of operating our business, including our customers and the financial accounts we connect for bookkeeping.

2. Information we collect

- **Account information:** name, email address, and role, used to create and secure user accounts.
- **Business and job data:** information you enter to run the business (jobs, parts, inventory, estimates, invoices, customer and vendor records, and related documents).
- **Financial-account data (via Plaid):** when an authorized administrator connects a bank or credit-card account, we receive account and transaction information (such as account name and mask, balances, and transaction date, amount, and description) to power bookkeeping and bank reconciliation. See §5.
- **Accounting-platform data (via QuickBooks Online):** where connected, accounting records synced to or from QuickBooks.
- **Usage and security data:** limited technical data needed to operate and secure the Service, such as authentication events and basic logs. We use Cloudflare Turnstile on public forms to prevent abuse.

3. How we use information

We use information to: provide and operate the Service (job tracking, accounting, invoicing, bank reconciliation); authenticate users and secure accounts; communicate with customers; meet legal, tax, and accounting obligations; and detect, prevent, and respond to fraud or security issues. We do **not** sell personal information.

4. How we share information

We share information only as needed to operate the Service:

- **Service providers / subprocessors:** Supabase (database, authentication, storage hosting), Netlify (application hosting), Plaid (financial-account connectivity), and Intuit/QuickBooks (accounting), which process data on our behalf under their own security and privacy commitments.
- **Legal and protection:** when required by law, or to protect the rights, property, or safety of Rough Cut Manufacturing, our users, or others.

We do not sell or rent personal information to third parties.

5. Financial account connections (Plaid)

We use **Plaid Inc. ("Plaid")** to connect bank and credit-card accounts. By connecting an account, you authorize us and Plaid to access and use the account information described above to provide the

Service. Plaid's handling of your information is governed by **Plaid's End User Privacy Policy**, available at <https://plaid.com/legal/#end-user-privacy-policy>. You may **revoke access at any time** by disconnecting the account within the Service or by contacting us; disconnecting removes the stored

access credentials and stops further syncing. We use financial data solely for bookkeeping and accounting purposes and protect it as described in §7.

6. Data retention

We retain personal and financial information only as long as necessary to provide the Service and to meet our legal, tax, and accounting obligations, after which it is deleted or anonymized. Details are in our Data Retention & Deletion Policy.

7. How we protect information

We apply administrative, technical, and physical safeguards described in our Information Security Policy, including encryption in transit (TLS 1.2+), encryption at rest, encrypted storage of third-party access tokens, role-based access controls with multi-factor authentication on administrative systems, and least-privilege access. No method of transmission or storage is 100% secure, but we work to protect your information and review our controls regularly.

8. Your rights and choices

Depending on your location, you may have the right to access, correct, or delete personal information we hold about you, to obtain a copy of it, and to object to or restrict certain processing. **California residents** have rights under the CCPA/CPRA, including the right to know, delete, and correct personal information and to not be discriminated against for exercising those rights. To make a request, contact jacobrrough@gmail.com; we will verify and respond as required by applicable law. You can disconnect a linked financial account at any time (see §5).

9. Children's privacy

The Service is intended for business use and is not directed to children under 13 (or the minimum age in your jurisdiction), and we do not knowingly collect their personal information.

10. International users

The Service is operated in the United States; if you access it from elsewhere, your information will be processed in the United States.

11. Changes to this policy

We may update this Privacy Policy from time to time. We will post the updated version with a new effective date and, where required, provide additional notice.
